## THE LEGEND RETURNS....

Rising up from his eternal sleep, Count Dracula is back again to battle the descendants of the great vampire-stalking Belmont family of the Castlevania series. He has summoned his dark minions—Cerberus, Minaurus, and the Salamander—to bring a reign of terror on the land.

Grab your whip and try to defeat these dark forces in this new conversion of the hit Japanese game: DRACULA X™. The 7+ stages unfold with myriad possibilities depending on the choices you make during the game. This multi-ending, multi-story feature takes you through many levels of adventure. You must strategically use magical tomes, mystical power-ups and titanic weapons to defeat the horrifying bosses and discover secret bonus levels.
